1. Nyuntam Aay Yojana: Garibi bachao, not hatao

- ❑ What is Nyuntam Aay Yojana?
- ❑ If it is launched then what could be its possible consequence and disadvantages of NYAY?

GS paper 2 (Government policies and interventions for development in various sectors and issues arising out of their design and implementation)

In this video, you can find detailed answers for all the above questions.

The above article has been retrieved from:

Surjit S Bhalla. (2019, April , 4). NYAY: Garibi bachao, not hatao. Indian Express. Retrieved from <https://indianexpress.com/article/opinion/columns/lok-sabha-elections-congress-rahul-gandhi-poverty-elimination-nyay-garibi-bachao-not-hatao-5657289/>

What is the context about?

- ❑ It is now official. After the release of the manifesto, the Congress believes its NYAY programme for poverty elimination is a game changer, a political winner, and a winner of advanced thinking on the subject.
- ❑ To bolster this claim, Congress president Rahul Gandhi said the party had consulted “all big economists, without telling anyone, without giving any speeches” on the Nyuntam Aay Yojana or NYAY.

What is Nyuntam Aay Yojana?

- ❑ Nyuntam Aay Yojana announced this Minimum Guaranteed Income scheme NYAY as “the final assault on poverty”.
- ❑ The acronym NYAY means justice in Hindi. Under this scheme, Rahul Gandhi said if they come on power their government will guarantee Rs.72000/- per annum to the 20% of the poorest population of the country. He added that that with this scheme they will bring each household

in India above to the minimum income threshold of Rs.12000/-.

- ❑ It means the amount of Rs.3.6 lakh crores will be outlaid from the Exchequer to meet this promise made by the Congress party if they form government after elections.
- ❑ The total amount that is promised to be given to the poor families of the country is roughly three times the fiscal deficit of current year and nearly six time the Defence Budget.

If it is launched then what could be its possible consequence and disadvantages of NYAY?

- ❑ The unconditional and free money through this scheme can makes beneficiary lazy and reduce their intention to do work. No work means no payment of income tax which will ultimately affect the economic growth of the country.
- ❑ The fiscal deficit of the country will be affected. This may lead to increase in revenue and taxpayers have to suffer. Cut down of expenditure on other important projects and sectors.
- ❑ The maximum no. of labor force or volunteer labor comes from the poor section of the country and with this scheme, there will be huge reduction in the labor force that will ultimately affect our economy.
- ❑ The beneficiaries of this scheme will get income without making any contribution the society and ultimately to the country. It would not be wrong if we say that NYAY could be a financial burden for entire nation.
